NGi

About Me

Full-Stack Developer and Creative Technologist with a background in Interactive Media Design. I build web applications, eCommerce solutions, and educational platforms with React, Next.js, and Node.js, combining solid engineering with thoughtful user experiences.

Bachelor's Degree

in Interactive Media Design | Universidad San Francisco de Quito (2024).

Languages:

Spanish (Native) and English (B2).

Technical Stack:

Tailwind CSS · REST APIs · PHP · Python · MongoDB · MySQL · Firebase · Git · Vercel · Figma · React Native · Ionic · Unity

Education

Experience

Key Experience

Chakray Kamayuk | Full-Stack Developer

NOV - DEC 2025 | REMOTE

eCommerce: Built an online store for organic foods and mushroom-based products.

UI/UX: Designed the interface and purchasing flow, focused on clarity, product discovery, and conversion.

Frontend: Implemented features and optimized deployment.

Clariplay | Full-Stack Developer

JUN - JUL 2025 | REMOTE / HYBRID

EdTech: Web tools and interactive systems for music education.

Frontend: Built UI components and logic with React and CSS within a scalable architecture.

Backend: Designed and integrated services using a service-based architecture.

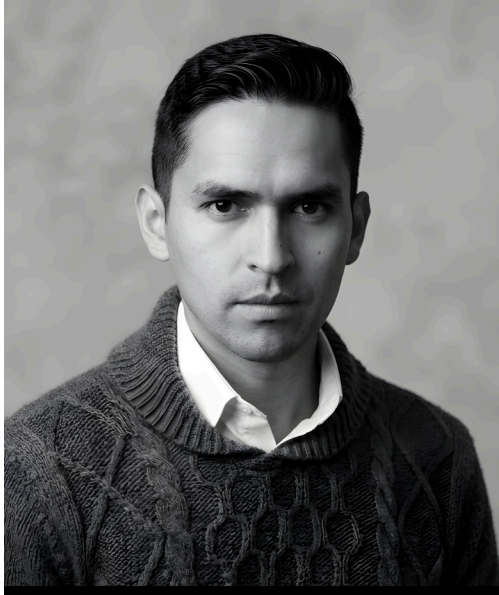

NGi FlipBook | Full-Stack / Creative Developer

OPEN SOURCE | NEXT.JS + REACT

Framework: Turns PDFs into interactive virtual books with Next.js and React.

Content: Supports animations, audio, videos, links, and reveal areas for interactive reading experiences.

Open source: Already used in a real project and publicly available on GitHub.

Carlos Asadobay

FULL-STACK & CREATIVE DEVELOPER
WEB · UI/UX · TECH
